Elmer Wheeler is the fellow who got credit for the saying, "Don't tell the world, it will tell you." Now he is to be credited with the word "out" of our vocabulary. "Elmer" says "out" is one of our biggest handicaps. We speak without thinking about what we'd do if we were rich. We are sure we are rich. We don't make enough of it. We don't make it right here and now.

This year's worrying about what will happen if we lose our money and maybe our worrying too much helps us to bring about the disaster we're afraid of. It's a sure thing that if we worry, we shall find out that the price of worry is a slippery slope under our feet. It may be better off without it.

Belle Glade is a fine place to live. It is a place where you can find the things you need. It is a place where you can find the things you need. It is a place where you can find the things you need.

Maybe you read the report on the Montana lady whose name is Gertie. She was married her first son living. During the war she was in the army. She was married at the last minute. She was married at the last minute. She was married at the last minute.

Many exclamations and expressions of surprise were heard, as visitors entered the doors of the Community Methodist Church, while the local garden center, holding its Annual Flower Show.

The theme, "Garden Symphony" was the first to greet the eye, and it seemed to say, "Welcome to our show of the beauty and the flowers that God has given us to enjoy."

Two new features of the show this year were the beautiful lighted signs of the two miniature classes, which were made by C. J. Aspey. The black and white shadow boxes built by Luther Jones, which added much to the show.

As one followed the displays of lovely flowers around the room and wondered where such specimens could be grown, the answer was in the black and white of the Belle Glade district.

Looking at the guest book, we found that thirteen states in addition to Florida, were represented at the show. One lady declared she was taking home, dried specimens for their next flower show.

Many guests were attracted by the use of shell in some of the arrangements, and probably will copy them.

There was a happy spirit throughout all the efforts of the Garden Club to make this year's show a memorable one.

## HISTORICAL ABILITIES MATCH PROFESSIONALS IN LOCAL PRESENTATION

Clad in the peak of satirical perfection to portray French society in the late seventeenth century, the nine actors and actresses of the Senior class of '33, delighted a large audience both Thursday and Friday nights, March 27, in the new high school auditorium, with what might be called a professional performance, when they presented Moliere's THE DOCTOR IN SPITE OF HIMSELF.

H. V. Draa admirably portrayed Louis, who became "doctor in spite of himself" to help out the tangled love life of his protégé, Leandre.

Don Jones, in the very difficult role of Geronte, gave a splendid portrayal of the doddering country squire.

Henry Ball as Martine, the scheming wife of Louis, who triumphs in her machination in bringing about the desired results of her scheming in spite of her spanking.

Don Fieles gave a typical presentation of the devoted steward, who had a plan of his own, and delighted in controlling both mind and body of Lucas, the servant.

Norman Hunt as Lucas, who stole the lime light as a contortionist and mimic. If Edgar Bargin ever loses Mortimer Snurd, he should place Norman on his knees.

Ralph Prescott, as Leandre played very well the part of the staid aristocratic lover of Lucinde.

Lucinde, the petite romantic lead was well played by Lisa Humphries, who was cured of the malady of feigned madness by the medicines of elopement and matrimony.

Toilette, Lucinde's maid was admirably portrayed by Joyce Brown and fit perfectly into the scheme of her mistress's of her dread malady.

The Monsieur Robert, played so well by David Weiman, brought about two of the high spots of the play by his dramatic interference of family quarrel and when performing his legal duty of reading the will which made Leandre rich, Lucinde happy.

## FORMER CLASSMATES HONOR JERRY BURRY

Dorothy Breslar and David Weiman entertained recently in compliment to Jerry Burry, who was home on Easter vacation and his guest Don Olds. Both are students at North Western University, Evanston, Ill.

During the evening games were played and contests were enjoyed. Refreshments were served to the following guests: Mrs. George Farnall, Mrs. Walter Weaver, Winifred Burry, and Don Fieles.

## PRESBYTERIAN CHOR APPRECIATED BY LARGE AUDIENCE LAST SUNDAY

Belle Glade citizens often read about industrial progress, population growth, etc., but seldom do we hear or read of the spiritual and cultural growth of this rapidly growing Glades City except in regular columns assigned for this purpose. However, when Dr. Edouard Pate of the Presbyterian College Choir to Belle Glade last Sunday for an appearance at The Everglades Presbyterian Church, the Church was filled with people of all walks of life to hear this outstanding group present "THE WORD OF GOD," which was evidenced by critics, as among the most outstanding church groups in the entire South.

Surely without reservation, this program was the finest of its kind ever presented to this community and appreciation by the people was evidenced by the capacity crowd that gathered in the Church sanctuary to hear this Choir. It was a stirring performance of song and with this initial appearance of this fine group, we are assured that our Community ensembles spiritual and cultural presentations.

Surely this should be an inspiration to other organizations to promote the Song and the finer things of life, and the sponsors of this program are to be commended in bringing it to the community. Such a venture requires work, sacrifice, but it is well worth it and the entire community is benefitted.

The Choir, led Sunday afternoon for an appearance at the Memorial Presbyterian Church, West Palm Beach, then to Jacksonville, Fla., and Savannah, Ga., and back to Presbyterian College, Clinton, S. C.

## CROSS COUNTRY CHATTER with Mac White

The fellow who sat next to me at the coffee stop near Orlando was from Apalachicola and he was beaming about trucks.

"There were three big trucks each a state has 34.50 and the larger truck pays an average of \$350.10 — as much in one year as a passenger car would pay in 78 years."

"As for buying up highways each state has 34.50 size and weight laws. The average passenger car pays annual road taxes of \$4.50 while the larger truck pays an average of \$350.10 — as much in one year as a passenger car would pay in 78 years."

"And for your information, pal," I added, "right here in Florida we have nearly 100,000 trucks and more than 100,000 truck drivers who are paid a wage of \$3.00 a day. I pardon my modesty. Think it over—everything you eat, pay is carried at least part of the way by motor truck. Happy driving, mister."

## EASTER SERVICES AT EPISCOPAL CHURCHES

Holy Communion will be celebrated at the Church of the Holy Nativity, Pahokee at 9 a.m. Easter Sunday and at St. Martin's, Clewiston at 11 a.m. At each service Father John Clarence Petrie will preach on "God's Answer from Heaven" the last of his long series of sermons on "The Problem of Evil" which he began on the First Sunday of Lent.

At 6 pm the Belle Glade Episcopalians will meet at the home of W. D. Matthews, where Father Petrie will explain the Christian doctrine of the Resurrection body.

Churches of Christ, Scientist Theme of services to be held next Sunday in all Christian Science churches is that the light of spiritual understanding reveals the unreality of that which is opposed to God. Subject of the Lesson-Sermon is "UNREALITY."

A verse from II Samuel (22:29) provides the Golden Text: "Thou art my lamp, O Lord."

and the Lord will lighten my darkness."

Selections to be read from the Bible include the following: "There hath no temptation taken you but such as is common to man; but God is faithful, who will not suffer you to be tempted above that ye are able; ..." (I Corinthians 10:13).

Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Sin should become unreal to every one. ... Its supposed realism has no divine authority, and I rejoice in the apprehension of this grand verity!"

John Clarence Petrie, Vicar

A many sided experience has been that of the Rev. John Clarence Petrie, who has charge of the mission work of the Episcopal Church in the Glades. After preparing for the law he turned to the Church and was graduated in 1919 from the General Theological Seminary, New York City. Being still unsettled on many of the questions of religion he passed examinations for the New York City high school system, obtaining licenses in both history and economics. He taught these subjects for

some years at Jamaica (N. Y.) High School and at DeWitt Clinton High School, Manhattan. In 1927 he returned to the active ministry having charge of churches at Lynchburg, Va., Memphis, Tenn., and Houston, Texas.

He came to the Glades in 1951 from Harlan, Ky., where he was rector of Christ Church and where he also founded a

new mission. He was for many years a staff correspondent for the inter-denominational weekly, The Christian Century, and was a frequent contributor to the various church papers. He was in demand as a lecturer at summer camps of several denominations.

In 1941 he lectured throughout the country on Hitler's book, "Mein Kampf," after having

made a first hand study of the Nazi movement on a three months visit to Germany.

Since coming to the Glades he moved from Pahokee to Clewiston, where a new vicarage was built last summer. He is now engaged in the formation of a group of Belle Glade Episcopalians who will form the nucleus of an Episcopal mission with regular services starting

in the fall.

His wife, the former Ethel Frisby, is graduate of Rosemary Hall, Greenwich, Conn. They have three living children, and LAKE HARBOR EASTER SERVICE SUNDAY

## Come to Church Easter

### "Christ the Lord is Risen Today"

## THIS WEEK'S SERMONETTE RELIGION RESTS ON REASON By JOHN CLARENCE PETRIE

Vicar, The Church of the Holy Nativity, Pahokee and St. Martin's Church, Clewiston  
Spiritual Leader The Belle Glade Episcopalians

Religion rests ultimately on reason. Yet vast numbers of people think differently. They tell you it rests on faith. This was parodied by the small boy who said, "Faith is believing what ain't so." It is true that certain specific teachings of the Christian Church are based on revelation. Among these are the doctrines that Jesus is both true God and true Man; and that God is three Persons yet only one God. Nevertheless we do not begin with those revealed truths—we begin with the truths discovered by reason and then go on to revelation.

For instance, take the question of the existence of God. That is proved by reason. We take a good look at this old world of ours and then say to ourselves, "This thing did not make itself. It did not always exist. Time will come when it will be no more." Everything we know is like that. Once it was not. Sometime it will not be. In other words, everything is dependent on something else.

Well, not everything. Somewhere there must be something that does not depend on anything else for its existence; that always has been and always will be. That is God.

Now I have given only one of many arguments for God's existence. It is enough for our point. I might go on and show you how we can prove the immortality of the soul by reason. Also the existence of the law of good and evil—the moral law kindling all human beings.

We arrive at the deity of Christ by reason. We do not ask you to start out taking the Bible

as the word of God on our say so. We begin treating it as fairly dependable human literature. Then as we study the record of the life of Jesus we come to see that He is more than man—that He is God also. Then we see that He founded the Church and that it is the Church which teaches us the articles of the Creed, tells us the Bible is inspired, and provides us the means of saving our immortal souls.

One last illustration. The New England sage, Ralph Waldo Emerson, put into one sentence something that will stand you in good stead any time you are inclined to doubt that you are the child of another world. Said he, "You tell me life is mean. Granted. But how did you find it out?"

That is the sentence, that question, "How did you find it out?" If you were only an animal you would not know it. Dogs do not know they are animals. Savages do not know they are savages. When you call yourself an animal you prove you are something else. It is as though you were two people. As Number One you act on the stage. As Number Two you sit in the audience and watch yourself, pass judgment on yourself. Call yourself a beast—or a miserable sinner.

Only man can do that. We say that he transcends himself. It is because he has two viewpoints—of this earth, and that of the realm of spirit.

Religion does not rest on blind faith. It rests basically on reason.

### EASTER

Rising above the false to the  
true evidence of Life, is the re-  
surrection, that takes hold of  
eternal Truth.

— Mary Baker Eddy.  
This is the wonder of the Re-  
surrection.

That things unvalued now re-  
veal their worth.

— Lucy Larcum.  
I know I am deathless.

There is a Resurrection Life  
That I must share  
— Henry Park Schaeffer.  
"We shall sleep" was the  
sigh of the midnight.

"We shall rise!" is the song  
of today. — Francis L. Macae.  
But Easter Day breaks! But  
Christ rises!  
Mercy every way is infinite.  
— Robert Browning.
